danperrett@crmf.org.pg	training information

# Network News

December 2009

## CHRISTIAN RADIO MISSIONARY FELLOWSHIP

*Enabling the Church and People of PNG through  
Radio Communication and Technical Services*

## Christmas Greetings

*We send to you our Christmas Greetings  
and pray for the Lord's blessing on you as  
you look to serve Him faithfully in the New  
Year ahead.*

## Building

If you are visiting Goroka, you are welcome to ask to have a tour with one of our staff around our extension and the renovated workshop area. We extend our thanks to EBC Kassam for the fine job they have done on the project.

## Need a place for a Seminar

Some missions and churches have already taken advantage of our new training room for conferences/seminars. We have also have accommodation for about 15 people on the same compound. Contact Chris Turtle for details.

## MAF & CRMF

Last month CRMF members voted to accept an agreement for CRMF to come under the umbrella of Mission Aviation Fellowship International. We do not foresee that this will mean any major changes in our operations for you the customers of CRMF, as CRMF will still offer the same services to customers and be a separate entity within MAF Int.

## Comings and Goings

**The Wakefield family** will be taking their six month home assignment from mid December 2009 until June 2010. They will spend most of their time in country Victoria.

After 8 1/2 years with CRMF, **Doris Lihofi** and her daughter Christine returned to her village in September as Doris is no longer working for CRMF. Her husband Paul Lihofi, also a former employee of CRMF, is still attending Bible College in the Philippines and is due to return to PNG next year.

**Bryan Matthew's** father died recently. We extend our sympathy to Bryan and his family.

**Rachael Wakefield** and **Chris Turtle** were able to join with the MAF ladies for a Womens' Retreat at Haus Poroman in September.

**Dan and Shannon Perrett** returned to PNG in mid August. Shannon has taken up some responsibilities in the office and on Fridays Dan stays at home and Shannon comes to work.

**Garth and Natalie Nieth**e and their two children from Brisbane, were with us during August and September and were able to have a look at the ministry of CRMF first hand.

**Bryan Simon** is now employed in our computer department and works alongside Lina Tomogau who has been with us for 7 years. Because we already have a Bryan at CRMF we are calling this Bryan by his second name **Simon**. Simon is from Yauna, EHP

**Peter Waiang** the painter and **Joel Masirere** the builder stayed on after EBC Kassam had finished the extension to help us with renovations to the existing workshop. They have now finished their work with us.

If you hear a new voice on the radio it will be **Jayjay Jagoro's**. Jayjay has been studying at Goroka Technical college and she did work experience with us earlier this year.

**Larry Minas** has been with us for almost 12 months and he will be going back to Lae for further studies in 2010. We wish Larry God's blessings as he leaves us.

Agnes Issac has been with us for nearly 4 years and she will be moving to Madang in the New Year as her husband has work there. We will miss her happy disposition around the office and on the radio.

**Lina Tomagau** will be leaving her employment with CRMF this month. She was our first female apprentice and has been with CRMF for seven years. In recent years she has taken responsibility for the computer department and she has become well known especially around Goroka town as the person who can fix their computers. We thank Lina for her years of service and wish her the Lord's blessing as starts a new phase in her life.

Some **Management Committee members and CRMF management staff members** will be meeting for a weekend retreat at Orobiga this month to discuss the future vision for CRMF's ministry in PNG. We want to say *thank you* to those of you who were asked to complete a survey on this matter. We appreciate your comments and input to this process.

## Training at CRMF

During August five Papua New Guinean Doctors from Church run hospitals did a training session on things technical with Norm Turtle and our other technical staff. This was part of their rural training course. CRMF staff enjoyed the interaction with the doctors and the doctors were pleased with the instruction they gained during their two weeks tuition. Further courses will be held in the New Year. For further information contact Dan Perrett.

## 2nd hand HF Radios

We have just one 8750 radio left. Early next year we hope to have available a large quantity of 9323 radios which we consider to be an excellent affordable second hand radios for our PNG remote area customers. Contact Bryan about these radios.

## Direct Deposits

We have a number of direct deposits that have been made to our CRMF Westpac account.. If you do this make sure **your name is included** in the deposit. We have a recent deposit that says *Payment for new Radio* and we do not know who this is from. Send us an email or fax to inform us of the deposit.

## HOLD

If your account name has HOLD included in the name then this means that you are not able to have credit with CRMF. You will need to pay for stock and repair items before they are released.
